Dennis Reis presents: *NO DUST TOUR 2009*

Please accept a personal invitation from Dennis Reis to participate in a one night educational and entertaining demonstration built around finding extraordinary performance within ordinary horses. You will witness the infinite possibilities of the horse / human bond with Dennis as your guide to understanding.

Dennis will guide you through the steps required to achieve a desired outcome, and will share how it was accomplished. He has assembled a learning progression that is presented clearly and methodically to help you form life-long horsemanship habits and practices. You will see first-hand that Dennis Reis exercises "perfect practice" from start to finish in his approach to horsemanship. You will see the schooling involved in mastering each skill without employing artificial restraints or mechanical devices. Is it an exciting demonstration to watch? You bet!
